Our first-year players are coming in with a lot of club and high school experience. In addition to that, all of our returning players have varsity playing experience, most of who were starters. This group has talent, and will get stronger with experience as the season progresses. The challenge will be for us, as coaches, to develop them into the team we know they can be.

"If the Iowa Conference has shown us anything in the last few years, it's that any team can win on any given night. It doesn't matter where teams are picked in the pre-season poll, every team is going for the win when they play their conference games. Every week will be competitive and challenging again this year.
